

The Legendary All-Purpose Truck Canopy

Built to order in six basic models...you can use this top for hunting, fishing, camping and prospecting trips. It is an ideal truck top for commercial use.

(775) 323-0270
CaravanCamperShells.com

Sealed weather-tight, it will protect the load you wish to carry in any kind of weather. Made with a rigid steel frame, covered with Galvannealed steel, you can carry your load on top boats, luggage, pipe, lumber and more.

We handle the finish work as well as there is no extra charge for installs at our plant.

Our Selection

At Caravan Camper Shells, all of our work is custom crafted and made to order. For your convenience, we offer six popular major models, each available for both Full Sized Trucks and Small Sized Trucks.

All six models come standard with; Deluxe Double Doors (49 ½" wide opening for Full Sized Trucks and 43" wide opening Small Trucks), Tapered Sides, Pressurizing Ventilator as well as a large front and two rear windows. All windows are safety glass and all side and rear windows are tinted. These models also all include two LED rear brake lights and the interior is completely coated with Rust-Oleum Multispec, and includes clothes hangers and one dome light.

Fully Customizable

Caravan Campers Shells offers the unique value of being a completely custom shop. This means we can provide you with the shell of your dreams.

With each of these models, a wide array of customization is available to you. You can review our option page to see all this entails. Feel free to add what you like from our optional equipment list. Never hesitate to give us a call and we'll be happy to outfit your new Caravan Camper Shell with you so it meets all of your needs.

Camper Shell Refurbishment

Did you know we can take your older Caravan Camper Shell and make it look just about brand new? With our Shell Refurbishing program we can give your favorite piece of outdoor adventure equipment a full makeover.

Here's what this includes:

Removing all windows, sanding, paint prep, exterior primer, exterior paint, touch up of interior paint if necessary, reinstall windows with new seals, new door seals, install shell back on the original truck it was installed on with new seals.

THE GENERAL

THE GENERAL is designed for the mobile working person. Whether you are a general contractor, craftsman, tradesman or weekend hobbyist, this is the shell for you.

Includes: One Steel Side Door on each side with Storage Boxes to keep your gear secure. Three standard or low profile Roof Racks to haul the big stuff.

(775) 323-0270
CaravanCamperShells.com

8' long bed - \$8,030

All Small Sized Trucks - \$7,380

Key Features

(775) 323-0270
CaravanCamperShells.com

Deluxe Double Doors

Designed for durability and ease of access, these doors provide you with a 49 1/2 inch wide opening on full sized trucks and a 43 inch wide opening on small sized trucks. The doors spring out without hitting the trailer jack on the tongue of an attached trailer. They make it much easier to step into as opposed to a tailgate. We're constantly improving the design and our most recent upgrade is gas springs which keeps the doors from blowing around in the wind. These doors lock on the outside, but the inside is always open for safety. The hinges are made of heavy duty galvanized steel.

Tapered Sides

Tapered sides in the shell provide for a sleeker, more sporting appearance and are popular with our customers. Although, it's not just about looks. The aerodynamics of the design provide for better fuel mileage as well.

Automobile-Grade Paint

All of our camper shells receive high quality automotive grade urethane exterior paint, color matched as close as possible to your vehicle's color or any other color of your choosing. We start with a coat of epoxy primer, then add two coats of base paint color. Finally, we add two more layers of urethane clear coat to keep it shining through years of use.

Rust-Oleum Multispec

The inside of our shells each receive a coating of Rust-Oleum Multispec. This is 100% acrylic, textured paint that is highly scratch resistant and is commonly used on the inside of quality boat hulls. It's corrosion resistant and designed to keep your shell looking sharp for many, many years.

Pressurizing Ventilator

The well-engineered pressurizing ventilator allow you to have fresh air inside, while keeping the dirt from the roads out. This is accomplished by a pressurization inside the shell. It also provides for an escape route for moisture without allowing rain to enter.

Safety Glass Windows

These are built with Department of Transportation approved tempered safety glass. In the case of an accident, the windows are designed to shatter rather than breaking into dangerous large jagged pieces.

Tinted Windows

For those mornings when you need to sleep beyond sunrise, these tinted windows will help you get your well-deserved rest. They also will keep headlight glare down in the evenings. Not only do they assist in keeping inside the shell cool, but they will reduce sun damage as well.

Key Features (Continued)

(775) 323-0270
CaravanCamperShells.com

Dome Light

Your shell comes with an incandescent dome light built with a sturdy metal fixture to keep it from breaking. If you want more brightness, you can choose the option of having an additional dome light installed.

Two LED Rear Brake Light

Our high quality LED Rear Brake Lights last longer and use less power while providing you with a key safety feature. Each shell comes with two and these 9 diode lights are built to last. We include the installation with your order.

Clothes Hangers

We know you're on the go and will need to provision yourself depending on the weather and the adventure. Your camper shell comes with two clothes hangers that can typically hold five large jackets each.

Popular Options:

Gun Racks (Available on THE GENERAL and THE WORKSPORT):

Whatever your adventure, whatever the job, we've got you covered. We offer gun racks mounted in the storage boxes as an option which also double well for a place for your tools. This will allow you to handle both your hunting expeditions and your daily work.

Decked Drawer System

DECKED truck bed storage drawers provide the ultimate access and organization for your tools and gear. Customize your truck and keep your gear organized, weatherproof and secure while maintaining full bed use. Decked Drawer System is durable with a 2000lb payload and 200lb per drawer rating. 100% American Made.

BedRug Bed Liner

This is the most innovative and unique truck bed liner there is. You get the look and comfort of carpet, in an ultra-tough 100% polypropylene (essentially plastic) product. That means not only will it protect your truck bed from impact dings and damage, it will stand up to the harshest conditions you can throw at it: from gravel to battery acid, while still protecting your precious cargo and your knees! Just clean it with a hose, power washer or vacuum and your BedRug is good as new.

BedRug Floor Mats available as well.
